GRANTMAKING

POLICY

Impact Through Research, Listening, and Investing in Community-Led Solutions

As a statewide community foundation, we make grants, invest in research, advocate policy, and forge cross-sector partnerships to advance community-based, community-led solutions across Minnesota. We lead with an intersectional equity framework (gender, race, place, ability, LGBTQ+) to target resources and ensure equity in outcomes.

2018 Impact Indicators

ECONOMIC OPPORTUNITY

- girls Building Economic Success Together (girlsBEST)
- Pathways to Prosperity (P2P)
- Young Women's Initiative of Minnesota (YWI MN)

WFMN research drives policy changes that improve the lives of women and girls. The *2018 Status of Women & Girls and Impacts of the Young Women's Initiative on the State's Labor Market* are shared with business leaders across the state. Data shows increasing workforce opportunities for women is critical to the economic growth and competitiveness in our state.

SAFETY

- Innovation Fund
- MN Girls Are Not For Sale

Since 2011, we've invested **\$7.5 million** to end sex trafficking in Minnesota. In the 8 years of MN Girls Are Not For Sale, we have driven a sea change in our communities' response and mobilized the field to change legislation and provide critical services. To end the demand, we have funded **training for more than 15,000 people** on safe intervention in suspected sex trafficking and garnered over **122 million media impressions** for public awareness campaigns.

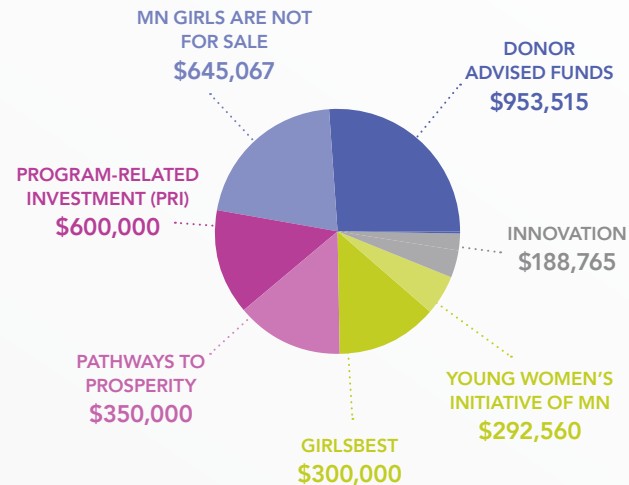

LEADERSHIP

- Wenda Weekes Moore Internship & Reatha Clark King Fellowship
- Young Women's Initiative of Minnesota

Young women in Minnesota are driving solutions and change now, community by community. In 2018, a grantmaking committee comprised of young women of color awarded **\$500,000 in investments** to nonprofit organizations and individual leaders to create the conditions for women and girls to thrive and to advance key recommendations in the *YWI MN Blueprint for Action*.

Total Granted in Fiscal Year 2018

Program-Related Investments

Since 2012, to maximize our endowment for greater community impact, WFMN invests additional capital into communities through PRIs. WFMN's **\$600,000 investment** in PRIs has leveraged **\$4 million in investments** to benefit women, girls, and women entrepreneurs.
